

What would you think if I sang out of tune?
Would you stand up and walk out on me?
Lend me your ears and I'll sing you a song
about why we should be part of history

Oh, we get by with a little help from our friends
Mm, we will fly with a little help from our friends
Mm, gonna try with a little help from our friends

What do we do when we learn, love and play?
Seeds of knowledge start to be sewn?
How will you feel by the end of the day?
You'll find joy in all that you know?

Oh, We'll get by with a little help from our friends
Mm, will fly with a little help from our friends
Mm, gonna try with a little help from our friends

Do you need anybody?
We need somebody to learn
Should it be ev'rybody?
We want ev'rybody to learn

Would you believe all children could write?
Yes, We're certain it could happen all the time
Can you still see a future that's bright?
We can't tell you, but we're sure it'll be fine

Oh, we get by with a little help from our friends
Mm, will fly with a little help from our friends
Oh, We're gonna try with a little help from our friends

Do you need anybody?
We just need someone to learn
Could it be anybody?
We want somebody to learn

Oh we get by with a little help from our friends
Mm, gonna try with a little help from our friends
Oh, we get high with a little help from our friends
Yes, we get by with a little help from our friends
With a little help from our friends
